DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 4-37 are allowed. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or make obvious two high switches, two low switched, a register, a first configuration of the hbridge includes the switches connected to independently drive a motor and a second configuration in which the high switches and the low switches function as four discrete switched coupled to different components, the second configuration being different from the first and the register is configured to maintain an indication for each of the four discrete switches in addition to the configuration of the h-bridge.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
